

# DISPLAY COMPONENTS MANUFACTURING

*Creative & Cost Effective*

full service manufacturer

custom metal fabrication

point-of-purchase displays

custom brackets

store fixtures

laser cutting capabilities

sheet metal cabinets

custom chassis

custom lighting fixtures

commercial applications

[www.displaycomponents.com](http://www.displaycomponents.com)

ISO Compliant

## Laser

Work from .dwg, .dxf files.

- If you can scan it, we can cut it.

## CNC Turret Punch Press

Punching, forming,  
embossing

## Brake

Press and brake capabilities up  
to 190 tons and 10 feet long

**D**isplay Components Manufacturing, Inc., a leader in the metal parts supply industry for over ten years, produces top-quality, point-of-purchase displays, store fixtures, lighting, signs and banner advertising, brackets, cabinets, and enclosures for many industries, including medical and electronics.

DCM boasts the production capability to handle small to large components in small to large runs. Flexibility is built into every job. State-of-the-art equipment, an experienced production team, and prototype design expertise ensure an end product that meets your specific needs. Customization is the key to DCM's success in an extremely competitive marketplace.

DCM's metal capabilities include, but are not limited to, sheet metal, tubing, wire, and perforated metals, using

cold rolled steel, stainless steel, aluminum and pre-finished metals. DCM meets design, prototype, plating, power coating, packaging and assembly needs of its customers.

Display Components Manufacturing has invested heavily in the most up-to-date technology and equipment, including a CNC laser, CNC hydraulic turret punch press, and CNC brakes for precision fabrication. DCM also houses a wire and tubular fabrication department, complete with all associated welding capabilities, such as single- and multi-head spot welders, M.I.G., T.I.G., brazing and gas welding.

Please call today to arrange a facility tour, during which experienced designers will discuss design and project work customized to meet your specific needs.

*We are ISO compliant, having implemented a quality assurance system that reflects our corporation's total commitment to achieving the goal of meeting the needs of our customers efficiently, effectively, and safely.*

## Mechanical Punch Press

## Multi-Head Spot Weld

## M.I.G. & T.I.G. Weld

## Spot Weld

Computerized Control to 200 KVA

## Prototype Department

Models, Fixtures, Samples

## Engineering

CAD and .dxf

## CAPABILITIES

Wire  
Perforated metal  
Sheet metal  
Tubing  
Laser cutting from .dxf files, scanned prints, and CAD  
Fabricate and weld to all specifications  
Single and multi-head spot welders to six feet wide, in and out of plane  
Press and brake capabilities up to 190 tons and 10 feet long CNC brakes  
Tubular fabrication  
M.I.G and T.I.G. welding of all components  
Packaging  
Assembly  
Powder coating  
Plating  
Anodizing  
Prototypes

## PARTIAL LIST OF EQUIPMENT

### FACTORY

Laser cutter  
CNC hydraulic turret press with auto index, Wilson Wheel® radius cutting  
Eight station turret bender  
Table benders  
M.I.G. welding stations  
T.I.G. welding stations  
Computerized multi-head spot welders  
Computerized single-head spot welders  
Butt welders  
T-welders  
Ring Rollers up to 3 feet  
CNC Press brakes 3' to 10', 190 tons  
Mechanical brakes

### Shears

Tube and bar cutting saws  
Power punch presses  
Drill presses and power tapping  
Assembly and packaging  
Tools and Equipment

### MODEL/PROTOTYPE SHOP

Milling machine  
Surface grinder  
Lathe  
Band saw  
Table saw  
Tool grinders  
Bar folders

### ENGINEERING

CAD  
CNC computer numerical controls

**ISO Compliant**

## Cold Saw

## Shear

## Tube Bending

## Air Bender

*"Experience counts. Choosing Display Components as a primary manufacturer has made the difference with my clients. Competitive cost, responsive and intelligent problem-solving, and absolute reliability have been typical on all projects. Terrific team players!" — R.G.*

*"During my years of experience with Display Components the owners have always put the needs of their customers first by staying on the cutting edge and producing a high-quality product." — E.D.*

*"Your staff is always friendly and pleasant. Your quoting and proto typing is thorough. This is helpful. Everyone is very accommodating, it's great working with you." — R.D.*
